

## MCI Series

Multilayer Ceramic SMD Inductor  
Size 0402

### CHARACTERISTICS

- 
- 
- 
- 

### APPLICATION

- 

Dimensions: [mm]

Land Pattern: [mm]

Electrical Properties:

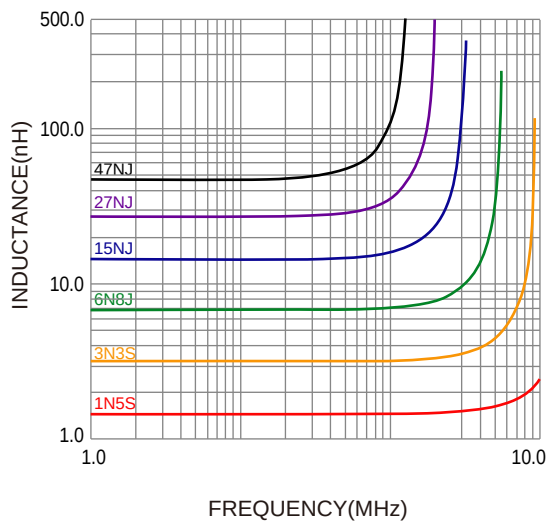

| Part No | Inductance (nH) | Tolerance | Q Min. | Temperature Rise Current Max. (mA) | DCR Max. ( $\Omega$ ) | SRF Typ. (MHz) |
|---------|-----------------|-----------|--------|------------------------------------|-----------------------|----------------|
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
|         |                 |           |        |                                    |                       |                |
